

MTMHA Board Meeting  
October 13, 2021 7pm, via Zoom

Shamrock: Adam Oblak

- Season is starting this weekend
- Still waiting to hear if we are running the U18 All Star Game

Tournaments: Adam Oblak

- Adam would like to check schedules and available dates to run one day tournaments for tier 1 teams. He will check with coaches who have availability and discuss with the arena to see what he can come up with.
- Looks like there will be some availability between Dec 27-31
- Melissa would like to be kept in the loop if sponsors will be needed for this.

OMHA: Derek Gibbs

- Most teams have been submitted.
- Delay with rostering to OMHA. OMHA and HCR are not communicating well and this is causing a delay in rosters being approved. This is across the board
- If teams need an approved roster to submit for a tournament, Derek can pull a form from the HCR
- There was a late fee that hadn't been paid which cause some issues getting the U9 rostered. He has been in contact with Michelle and the U9 coach
- He has been asked some questions about gates. Who is running them? Will we be supplying someone to do them?
- Any coaches who are having questions regarding rostering can be directed to Derek
- This week Derek will be starting to go through the vaccine submissions to get ahead of the deadline for ages 12 and up.

Registration: Dustin McEvoy

- Numbers haven't changed much since our last meeting
- Working through 20-25 people who still owe money for various reasons.
- Those who had to register manually or late registrants have the ability to pay via credit card or e-transfer.
